

Living In Trouble - Part II

Hangar

At night on the streets
Looking for some trouble
No money, no way
Who am I? I don't know
Get a job
I don't need a boss
Cut that hair
Fuck you, I don't care
Living in trouble - That's my vocation
Living in trouble - It's no religion
Living in trouble - That's my vocation
Living in trouble - Fuck you, that's my life
