

Amber Lamps

Hank Green

Bring her to me, my amber lamps
Bring her to me, oh my amber lamps
If you think she would give me a chance,
Bring her to me, my amber lamps

Oh long ago on a metrotrain
I got into a fight with an epic beard man
And now I'm bleeding all on my pants

Bring her to me, my amber lamps
Bring her to me, oh my amber lamps
If you think she would give me a chance,
Bring her to me, my amber lamps
