

First Time

Hank Locklin

You opened the door to heaven the first time I kissed you the f
irst time
With you in my arms I knew then the first time I kissed you you
were mine
I can't stay away from you it's true
You were meant for me and I was meant for you
I've fallen in love with an angel the first time I kissed you t
he first time
I can't stay away from you...
