

With One Exception

Hank Locklin

I've seen lots of pretty faces in a million different places
And it's hard for me to keep from doing wrong
Cause you're the cutest and the sweetest you always dress the n
eatest
With one exception and she's waiting at home
If I'd let temptation fill me I know your kiss would thrill me
And how easy it would be to lead you on
You're such a lovely girl you're perfect for my world
With one exception and she's waiting at home
Sometimes I've almost cheated after all I'm just a man
Can't you see my world is wrapped up in a golden wedding band
I'd beg steal or borrow and you'd be mine tomorrow
With one exception and she's waiting at home
I'd beg steal or borrow
