

Blossoms In The Springtime

Hank Snow

When I see blossoms in the springtime
I know that sweetheart time is here
My love that blossoms in the springtime
Blooms in my heart through all the year

I love the blossoms in the springtime
Kissed by the sunshine and the rain
I love to hold you, oh my darlin'
When kisses bloom in sweetheart's lane

Sometimes a spark of love may smoulder
Never to flame all winter long
Then like the blossoms in the springtime
Burst with the first red robin's song

I love the blossoms in the springtime
Kissed by the sunshine and the rain
I love to hold you, oh my darlin'
When kisses bloom in sweetheart's lane
