

## Blue Sea Blues

Hank Snow

Blue sea keep a-rollin'  
On your weary way  
My sweetie has left me  
She done drifted away  
She hopped a big ocean liner  
Headed out to the sea  
And left a world full of worries  
On the beach with me

I know that she's sorry  
'Cause she left me this way  
So hurry and tell her  
To sail back to me  
And when you find the big steamship  
Just look for this sign  
There'll be an ocean of teardrops  
Trailin' behind
