

It's A Little More Like Heaven

Hank Snow

I have sailed across the waters salty ocean deep and blue
Felt the rapture of the dawning thrilled through sunset golden
view
I have sought above the mountain peaks or valleys great and wide
But it's a little more like heaven by your side

It's a little more like heaven where you are
I have sought for happiness both near and far
But my search for love was through the day that I met you
'Cause it's a little more like heaven where you are

I have watched the crystal raindrops fall to earth to cool the
day
Watched the rainbow at twilight when the clouds have blown away
I've adored the clinging roses round my mountain home so dear
But it's a little more like heaven where you're near
It's a little more like heaven...

I have tempted for a moment by a lure and magic charms
Of fickle flame and beauty while waltzin' in her arms
I cherished mem'ries of the past of friends so kind and true
But it's a little more like heaven dear with you
It's a little more like heaven...
('Cause it's a little more like heaven where you are)
