

# Jesus Wept

Hank Snow

All alone in this cruel world of sin  
I have fought for Jesus but in vain  
In my fight o'er dear land of God  
They condemned him and tried to erase his name  
They shout in mockery and sneer the son of God  
As they smoked him and nailed him to a tree  
A little bird circled round his crown of thorns  
To dry the tears that he shed for you and me

(Jesus wept and the tears that he shed  
Left the stains of sorrow on my heart  
For our sins trickin' world that we'll regret  
We'll pay the price cause Jesus wept)

But he still weeps and the tears that he sheds  
Leave their stains of sorrow on my heart  
For our sins trickin' world that we'll regret  
We'll pay the price cause Jesus wept  
We'll pay the price cause Jesus wept
