

Just One Of A Kind

Hank Snow

Within the prison of my soul
Locked within my troubled mind
Is a love I can't forget
'Cause she's just one of a kind

Just a plain old fashioned girl
The kind a man don't have to tame
When he starts to settle down
He's proud to let her wear his name

Within my hand I hold the key
Do I dare to set her free
Got a feelin' in my mind
That she's just one of a kind

Pulled away from my hometown
Thought I'd leave her love behind
But Mary rode with me
On the highways of my mind

Seen a million pretty girls
Pretty girls aren't hard to find
But she's a rare breed, I'm convinced
Mary's just one of a kind

Within my hand I hold the key
Do I dare to set her free
Got a feelin' in my mind
That she's just one of a kind

Within the prison of my soul
Locked within my troubled mind
Is a love I can't forget
'Cause she's just one of a kind
