

## Merry-Go-Round of Love

Hank Snow

Here we go a round---, the merry go round  
The merry go round---, the merry go round of love  
Round and a round---, the merry go round  
findin' true love--, sure is tough  
Some people fallin off--, and some are getting on  
And some are getting--, ready to jump  
here we go a round--, the merry go round  
the merry go round--, of love

I just got off--, from the merry go round  
And my heart--, was starting to mend  
The last ride I had--, was awfull bad  
I swore--, I'd never get on again

Then I met a little girl, and she gave me a whirl  
Now I'm off--, for an other round  
I guess I'll be riding--, the merry go round  
'till--, the day I die

How long will I ride the--, the merry go round  
How long--, will it be this way  
how many times--, will it go 'round and 'round  
Before I find a girl who stay's

Every time I think--, about a true love  
And my riding day's are done  
A long come's a man--, who take's her by the hand  
And I'm back--, where I've started from
