

Pair Of Broken Hearts

Hank Snow

Everyone knows it's all over I told them the things that we've
planned
But they never see you walking with me and somehow they don't u
nderstand
Oh let's forget this sorrow and a pair of broken hearts
We must face each blue tomorrow with a pair of broken hearts

True love never had a chance dear when a foolish quarrel starts
So we paid for our romance dear with a pair of broken hearts
True love never has a chance dear...
