

## Just A Little While

Hank Thompson

Oh tonight each happy moment that I ever spent with you  
Brightens up my memories of the past  
Then I remember that dark moment when we said our last goodbye  
To a love we knew could never last

Just a little while just a little while  
Just a little while ago when love was new  
Our romance now has faded but there's nothing I'd have traded  
For the precious little while of loving you

With your picture here before me I pretend that you're still mi  
ne  
And I still can hear you say I love you so  
And the time that seems just like a million years since I lost  
you  
Was really just a little while ago  
Just a little while
