Callin' Your Name

Hank Williams III

I've been up all night and I can't sleep
I've been thinkin' about You and I can't eat
I tried to go outside but it started to rain
And I'm sittin' here in tears, callin' Your name

Callin' Your name, oh Lord, I need You now
I didn't know how far, I was driftin' out
And it's been so hard livin' all alone
I need You this time, Lord, please can You give me a home

It's been so hard these last few years without You
I've been wild and I didn't have a care
And I've caused myself so much sorrow
So I'm callin' this time, can I be saved

Callin' Your name, oh Lord, I need You now
I didn't know how far, I was driftin' out
And it's been so hard livin' all alone
I need You this time, Lord, please can You give me a home
I'm calling this time, Lord, please can You give me a home
