

## Dick In Dixie

Hank Williams III

Well, some say, I'm not country  
And that's just fine with me  
'Cause I don't wanna be country  
With some faggot looking over at me

They say that I'm ill-mannered  
That I'm gonna self-destruct  
But if you know what I'm thinkin'  
You'll know that pop country really sucks

So I'm here to put the dick in Dixie  
And the cunt back in country  
'Cause the kind of country, I hear now days  
Is a bunch of fuckin' shit to me

They say that I'm ill-mannered  
that I'm gonna self-destruct  
But if you know what I'm thinkin'  
You'll know that pop country really sucks

Well, we're losing all the outlaws  
That had to stand their ground  
And they're being replaced by these kids  
From a manufactured town

And they don't have no idea  
About sorrow and woe  
'Cause they're all just too damn busy  
Kissin' ass on Music Row

So I'm here to put the dick in Dixie  
And the cunt back in country  
'Cause the kind of country, I hear nowadays  
Is a bunch of fuckin' shit to me

And they say that I'm ill-mannered  
That I'm gonna self-destruct  
But if you know what I'm thinkin'  
You'll know that pop country really sucks

And if you know what I'm thinkin'  
You'll know that pop country really sucks
