

One Horse Town

Hank Williams III

Well, my hat's done worn out, my boots are bad
I ain't got a gun but I wish I had
And I'm down in a one horse town

My gal done left me the other day
Said, I didn't bring home enough of that pay
And I'm down in a one horse town

But I'm doin' fine, I'm doin' okay
I think I might get by just one more day

Well, when you get low down, you got nothin' to lose
All you can do is start singin' the blues
When you're down in a one horse town

I drank on Tuesday, until I fell down
I woke up on Wednesday and you weren't around
And I'm down in a one horse town

But I'm doin' fine, I'm doin' okay
Think I might get high, just one more day
