

Pistol Packin'

Hank Williams III

You think that you're so tough
Since you have your trust
And I'm gone, gone, gone
And I'm gone

Pistol packin' motherfucker
Pistol packin' motherfucker
Pistol packin' motherfucker

Don't you know how you're in control
Since you have your trust
And I'm gone, gone, gone

You're just a little boy
With a new toy
You're just a little boy

Fight like a real man
Real man, real man, real man

Pistol packin' motherfucker
Pistol packin' motherfucker
Pistol packin' motherfucker

Fight like a real man
Real man, real man, real man
Without a gun
