Well, I'm a runnin' and gunnin'
A little bit crazy
Got half drunk on the day they made me
I don't know why, I guess it's in my genes
Well, I'm a runnin' and gunnin'
A little bit shady
Got half-stoned on the day they made me
I don't know why, I guess I'm dangerous and mean
(You better)
Look out, baby, oh, you better watch out
Look out, baby, oh, you better watch out
Look out, baby, I'm dangerous and mean
Look out, baby, oh, you better watch out
Look out, baby, oh, you better watch out
Look out, baby, I'll drop you to your knees
Well, I'm a runnin' and gunnin'
A little bit shady
Got tattooed on the day they made me
I don't know why, I guess I'm dangerous and mean
Well, I've got my 4-speed, 2-door Chevy
Driving outta hell
Like Satan's gonna catch me
I don't know why, I guess it's in my genes
(You better)
Look out, baby, oh, you better watch out
Look out, baby, oh, you better watch out
Look out, baby, I'm dangerous and mean
Look out, baby, oh, you better watch out
Look out, baby, oh, you better watch out
Look out, baby, I'll drop you to your knees
Well, I'm a runnin' and gunnin'
A little bit crazy
Got half-drunk on the day they made me
I don't know why, I guess it's in my genes
Well, I've got my 4-speed, 2-door Chevy
Driving outta hell
Like Satan's gonna catch me
I don't know why, I guess I'm dangerous and mean
(You better)
Look out, baby, oh, you better watch out
Look out, baby, oh, you better watch out
Look out, baby, I'm dangerous and mean
Look out, baby, oh, you better watch out
Look out, baby, oh, you better watch out
Look out, baby, I'll drop you to your knees
