

The Devil Is My Friend

Hank Williams III

Well, I'm all strung out in Texas
and I think I'm gonna lose my mind
Well, all my friends in Texas
they always have a damn good time

'Cause we've been drinkin' for 30 days
and we don't care if we die
and we're livin' fast and hard
and that's the way we spend our time
and we don't need no one tryin' to tell us
how to live our own no-good life
Hey, our own hellbilly right

'Cause it's long, long, long hauls
and those close, close, close calls
'Cause the Devil is my friend
'Cause the Devil is my friend
'Cause the Devil is my friend
'Cause the Devil is my friend

'Cause we've been drinkin' for 30 days
and we don't care if we die
and we're livin' fast and hard
and that's the way we spend our time
and we don't need no one tryin' to tell us
how to live our own no-good life
Hey, our own hellbilly right

'Cause it's long, long, long hauls
and those close, close, close calls
'Cause the Devil is my friend
'Cause the Devil is my friend
'Cause the Devil is my friend
'Cause the Devil is my friend
