

Ain't Makin' No Headlines (Here Without You)

Hank Williams Jr.

Ain't makin' no headlines here without you
You do for me what no one else can do
The love you promised me keeps growing stronger
And so I'll carry on yes I'm gonna carry on

I made a little side trip to Mexico
They caught me with some Acapulco gold
So I'm in jail down here ain't much I can do
But pass the time and keep my mind on you

Ain't makin' no headlines here without you
You do for me what no one else can do
The love you promised me keeps growing stronger
And so I'll carry on yes I'm gonna carry on for you

Ain't makin' no headlines here without you
You do for me what no one else can do
The love you promised me keeps growing stronger
And so I can carry on yes I can carry on

I ain't makin' no headlines here without you...
