

Memphis Belle

Hank Williams Jr.

She's the Memphis belle she lives up on the hill
Just by the bridge you see down by the Mississippi
Back in school I had a crush on this little girl named Marie
Woo she's all grown up now she's the only one for me

She's got a champagne taste and a big wicked heart
When you see her you know she's trouble from the start
Oh she likes many and she likes men
When she done made moves on all of my friends

She's the Memphis belle the girl's name is Marie
The hottest thing since Elvis from Memphis Tennessee
There's been dollars dropped down the jukebox well
Just watch her dance woo the Memphis belle

She's the Memphis belle she's hot as hell
Everyone wants her any man can tell
When she walks in the room she ain't no plain Jane
Compare her to a million dollars you won't get no change

Not from the Memphis belle the girl named is Marie
The hottest thing since Elvis to come from the delta country
Been a whole lot of dollars dropped down the jukebox well
Just to watch her dance woo I mean the Memphis belle

She is the Memphis belle and she will always be
Dancing the night away down by the Mississippi
A man would sell his soul right down the jukebox well
Just to dance one time woo the Memphis belle
