

# Memphis Belle

Hank Williams Jr.

She's the Memphis belle she lives up on the hill  
Just by the bridge you see down by the Mississippi  
Back in school I had a crush on this little girl named Marie  
Woo she's all grown up now she's the only one for me

She's got a champagne taste and a big wicked heart  
When you see her you know she's trouble from the start  
Oh she likes many and she likes men  
When she done made moves on all of my friends

She's the Memphis belle the girl's name is Marie  
The hottest thing since Elvis from Memphis Tennessee  
There's been dollars dropped down the jukebox well  
Just watch her dance woo the Memphis belle

She's the Memphis belle she's hot as hell  
Everyone wants her any man can tell  
When she walks in the room she ain't no plain Jane  
Compare her to a million dollars you won't get no change

Not from the Memphis belle the girl named is Marie  
The hottest thing since Elvis to come from the delta country  
Been a whole lot of dollars dropped down the jukebox well  
Just to watch her dance woo I mean the Memphis belle

She is the Memphis belle and she will always be  
Dancing the night away down by the Mississippi  
A man would sell his soul right down the jukebox well  
Just to dance one time woo the Memphis belle
