

Montana Cafe

Hank Williams Jr.

Montana Cafe Teddie Roosevelt and Hemingway
You can see the pictures on the wall there where they signed
Montana Cafe thanks a lot for a pleasant stay
Oh we got Steaks and pie and the specials still a piece of mind

I know so many people in so many places
They make allot of money but they got sad faces
They want to get away and enjoy the life
But the business their in has taken control
They want get out and free their sole
We're on Highway 93 stop by anytime

Montana Cafe we're a little bit out of the way
But you can get coffee and a smile here anytime
Montana Cafe come on in for a pleasant stay
Oh we got steak and pie and specials is piece of mind

See the old jukebox there in the corner
Our kind of songs live so much longer
There's names like Johnney Cash and Ernest Tubb
And I bet you'll find that were gonna relax ya
Sit back and listen to North to Alaska
And if you ever come in here you're gonna fall in love

With the Montana Cafe we bring back some of yesterday
And you can get coffee and a smile here anytime
Montana Cafe feel the tension melt away
Oh we got steak and pie and specials still a piece of mind

I'm so glad we reached this point in my life
I finally got my priorities right
I am way out here on the Idaho Line
And I do my best what I left behind
Drivin' to work and standin' in line
We're on Highway 93 just look for the sign

Montana Cafe shades of Roosevelt and Hemingway
You can get coffee and a smile here anytime
Montana Cafe thanks a lot for a pleasant stay
Oh we got steak and pie but the specials still a piece of mind
Yeah we got Steak and pie but the specials still a piece of mind
