O.D.'d in Denver

Hank Williams Jr.

We started the tour out in Denver Colorado I made the first one but I did not make the second show 'Cause I met this girl there that brought about quite a big cha nge But I O.D'd in Denver and I just can't remember her name

I guess you could say that my love life would not up to part Too many nights alone had left some permanence scars She told me she'd love me and I told her I'd do the same Then I O.D'd in Denver and I just can't remember her name

I brought it on myself and I guess that I shouldn't complain Doc said son you can't do anymore of that cocaine But she made me higher than all of those expensive things But I O.D'd in Denver and wish I could remember her name

I turned to other things tryin' to make my daydreams real But they don't take the place of the woman's face and her feels She treated me nice and I like to find her again But I O.D'd in Denver and I just can't remember her name

I brought it on myself and I guess that I shouldn't complain Doc said son you can't do anymore of that cocaine But she made me higher than all of those expensive things Kinda overdid it in Denver and I just can't remember her name
