

Where Do I Go From Here

Hank Williams Jr.

Slowly but surely I've watched your love die now you run my heart over with care
I know oh so well that you don't want me now tell me darling where do I go from here
I've built all my plans and my hopes around you no other can replace you dear
I've seen all my dreams and my hopes fade away
So tell me darling where do I go from here
You know that your pride is making you stay but sympathy ain't what I want to hear
Cause what good is kindness to a man that needs love
So tell me darling where do I go from here

I know that your heart is far away and there's nothing for me but my tears
I didn't want to see my tears turn to hate so my darling I'm going from here
