

## Let's Turn Back the Years

Hank Williams

Darling lets turn back the years  
And go back to yesterday  
Lets pretend the time has stopped  
And I didn't go away

We had our love to make us happy  
It wasn't meant to bring us tears  
Love like ours should never die  
So darling lets turn back the years

We had our love to make us happy  
It wasn't meant to bring us tears  
Love like ours should never die  
So darling lets turn back the years
