

Let's Turn Back the Years

Hank Williams

Darling lets turn back the years
And go back to yesterday
Lets pretend the time has stopped
And I didn't go away

We had our love to make us happy
It wasn't meant to bring us tears
Love like ours should never die
So darling lets turn back the years

We had our love to make us happy
It wasn't meant to bring us tears
Love like ours should never die
So darling lets turn back the years
