

Hail To You

Hanker

You, you like your way
You, our reason we play
Without you we would not survive

You, you came here today
To come hear us play

Oh! Here we Come!

Louder, prouder, Hail to you
Louder, prouder

You, you make the day
You, we won't betray

Oh! Here we come! Oh! To play your song!

Louder, prouder, Hail to you
Louder, prouder, Hail to you
Without you we would not survive

Now, time's run away
We wish we could stay
