

# Hail To You

Hanker

You, you like your way  
You, our reason we play  
Without you we would not survive

You, you came here today  
To come hear us play

Oh! Here we Come!

Louder, prouder, Hail to you  
Louder, prouder

You, you make the day  
You, we won't betray

Oh! Here we come! Oh! To play your song!

Louder, prouder, Hail to you  
Louder, prouder, Hail to you  
Without you we would not survive

Now, time's run away  
We wish we could stay
