You, you like your way
You, our reason we play
Without you we would not survive

You, you came here today To come hear us play

Oh! Here we Come!

Louder, prouder, Hail to you Louder, prouder

You, you make the day You, we won't betray

Oh! Here we come! Oh! To play your song!

Louder, prouder, Hail to you Louder, prouder, Hail to you Without you we would not survive

Now, time's run away We wish we could stay
