

## All Is Not Well

Hannah Fury

Don't try to lie to me, I know  
My love was politically disposed of  
And I didn't see them coming  
No, I didn't see them coming for you  
For you

Don't try to lie to me, I know  
Their crime will never be exposed  
And if I had seen them coming  
If I had seen them coming  
What I wouldn't do for you

All is not well  
All is not well  
All is not well in the land of Oz

Don't try to lie to me, I know  
My love was politically disposed of  
And I did not see them coming  
No, if I had seen them coming  
I'd have chosen you  
All is not well in the land of Oz
