

# I Wanna Know You

Hannah Montana

Whoa oh  
Whoa oh  
Whoa oh

When I saw you over there  
I didn't mean to stare  
But my mind was everywhere  
I wanna know you

Gonna guess that you're the kind  
To say what's on your mind  
But you listen when I have something to show you

There's a mark above your eye  
You got it in July  
Fighting for your sister's reputation  
You remember people's names  
And valentines are lame

So I bring you flowers just for no occasion, oh

Whoa oh, whoa oh, whoa oh  
I wanna know you  
Whoa oh, whoa oh, whoa oh  
I wanna go there where you go  
I wanna find out what you know  
And maybe someday down the road  
Sit back and say to myself,  
"Yeah, I thought so."

You smile, never shout  
You stand out in a crowd  
You make the best of every situation  
Correct me if I'm wrong  
You're fragile and you're strong  
A beautiful and perfect combination

Whoa oh, whoa oh, whoa oh  
I wanna know you  
Whoa oh, whoa oh, whoa oh  
I wanna go there where you go  
I wanna find out what you know  
And maybe someday down the road  
Sit back and say to myself.  
I like how you are with me  
In our future history  
And maybe someday down the road  
Sit back and say to myself,  
"Yeah, I thought so."

Yeah I thought so, whoa, yeah

Whoa oh, whoa oh, whoa oh  
I wanna know you  
Whoa oh, whoa oh, whoa oh  
I wanna go there where you go  
I wanna find out what you know

And maybe someday down the road  
Sit back and say to myself.  
I like how you are with me  
In our future history  
And maybe someday down the road  
Sit back and say to myself,  
"Yeah, I thought so."
