

Let's Dance

Hannah Montana

The weekend's almost done
The moon is low in the sky
I feel like going out
Before the night passes by
I won't just sit around
When life becomes a drag
I dance

I like the bass - turn it up, turn it up, turn it up
I like the boom - turn it up, turn it up, turn it up
I need guitar - turn it up, turn it up, turn it up
I like that drum - when they goes...boom boom boom

Let's dance
What the weekend, what the night is all about
Let's dance
Grab your girlfriends, grab your boyfriends
Sweat it out
Let's Dance
Move your whole body
Let's start the party
Too much rock for one girl can make her go crazy
I need someone to dance with me baby
Dance

The music's on - turn it up, turn it up, turn it up
My favorite song - turn it up, turn it up, turn it up
The beat is strong - turn it up, turn it up, turn it up
And we'll dance

Come on

Let's dance
What the weekend, what the night is all about
Let's dance
Grab your girlfriends, grab your boyfriends
Sweat it out
Let's Dance
Move your whole body
Let's start the party
Too much rock for one girl can make her go crazy
I need someone to dance with me baby
Dance

Come on
Turn it up
yeah

When the night says hello
Yeah, get ready to go
Turn it up, turn it loose
Yeah you've got no excuse
Just take a chance
Get out on the floor and dance

Let's dance
What the weekend, what the night is all about

Let's dance
Grab your girlfriends, grab your boyfriends
Sweat it out
Let's Dance
Let's start the party
Dance with me, dance with me, dance with me, dance
Let's dance
What the weekend, what the night is all about
Let's dance
Grab your girlfriends, grab your boyfriends
Sweat it out
Let's Dance
Move your whole body
Let's start the party
As soon as my album goes number one
Mr. Lim I'd like a Rolex with 40 diamonds
