

She's No You

Hannah Montana

They got a lotta girls
Who know they got it going on
But nothing's ever a comparison to you
Now can't you see that your the only one I really want
And everything I need
Is everything you do?

Any girl walk by, don't matter
'Cause your looking so much better
Don't ever need to get
Caught up in jealousy
She could be a super-model
Every magazine... the cover
She'll never, ever mean a thing to me...

She's no you... oh no
You give me more than I could ever want
She's no you
I'm satisfied with the one I've got
'cause your all the girl
That I've ever dreamed
She's only a picture on a magazine
She's no you... she's no you

They got a lot of girls
Who dance in all the videos
But I prefer the way you do,
The way you move
You're more than beautiful
And I just wanna let you know
That all I ever need
Is what I've got with you

Any girl walk by, don't matter
Every time your looking better
I think your perfect
There ain't nothing I would change
She could be a super-model
Every magazine... the cover
She'll never, ever take my heart away

No one's ever gonna get to me
Oh, the way you do
Now baby can't you see
That you're the one... the only one
Who's ever made me feel this way?

Nothings ever coming even close
No one's ever been comparable to you

I don't want nothing I don't got
I don't need nothing but you
I can't get more than you give me
Don't stop anything you do.
Your all that... all that, and then some
You know what... just what I need
And no girl, no place and no where

Could mean a thing to me.
