

## Beating Gets Faster

Hanoi Rocks

Oh yeah...

Well I don't care about the Victory  
If I can still have your company  
I don't need a golden diamond ring

As long as you still let me in  
I never dream of being a millionaire  
Money can't buy a love affair  
True love is such a rarity

It lives all through eternity  
The nights we share  
It seems they'll never end  
Oh Lord above, she must be heaven sent...

I know you, and you know me,  
That's the way it was meant to be  
I know you, and you know me  
I know that you will always stand by me

If I'm down in the hole, or out in the streets  
Nothing else matters baby, if it's you and me...  
I pick up my guitar and I start to sing  
About all the troubles that I've been in

Now the clouds have finally disappeared  
Go straight ahead the road is clear  
It ain't so easy baby, when you're all alone  
Now I'm glad I kept rollinng on

I know you, and you know me  
That's the way it was meant to be  
I know you, and you know me  
I know that you will always stand by me

If I'm down in the hole, or out in the streets  
Nothing else matters baby  
If it's you and me...Yeah! Yeah! Yeah!  
It's beating faster and faster

And it doesn't seem to stop  
Well I'm so crazy about you when I look  
In your eyes, I realize  
The kind of love that never dies

Girl I love you, I really do  
My heart will always be true to you  
Oh don't be a fool, we're gonna prove  
With real love, we can never

Loose, never loose!  
I know you, and you know me that's the way  
It was meant to be  
I know you, and you know me

I know that you will always stand by me  
If I'm down in the hole, or out in the streets

Nothing else matters baby, if it's you and me Yeah!
