

Happy Christmas

Hanson

So happy Christmas
So happy Christmas
I love you all over again

It may be years before you will ever know it
The greatest Christmas gift is love
In all the ways we show it
Like every springtime shower
And those long days of summer
As fall brings change of color
remember, I love you all over again

So happy Christmas
So happy Christmas
I love you all over again
So happy Christmas
So happy Christmas
I love you all over again
...
