

## Happy Christmas

Hanson

So happy Christmas  
So happy Christmas  
I love you all over again

It may be years before you will ever know it  
The greatest Christmas gift is love  
In all the ways we show it  
Like every springtime shower  
And those long days of summer  
As fall brings change of color  
remember, I love you all over again

So happy Christmas  
So happy Christmas  
I love you all over again  
So happy Christmas  
So happy Christmas  
I love you all over again  
...
