

This Time Around

Hanson

It's getting colder in this ditch where I lie
I'm feeling older and I'm wondering why
I heard they told her it was tell and live or die
I didn't know her but I know why she lied
I didn't know her but I know why she died

You can't say I didn't give it
I won't wait another minute
We're on our way this time around
You can't say I didn't give it
I won't wait another minute
We're on our way this time around

And we won't go down

I heard them say that dreams should stay in your head
Well I feel ashamed of the things that I've said
Put on these chains and you can live a free life
Well I'd rather bleed just to know why I die

You can't say I didn't give it
I won't wait another minute
We're on our way this time around
You can't say I didn't give it
I won't wait another minute
We're on our way this time around

And we won't go down
And we won't go down
And we won't go down
And we won't go down
All I know is that fear has got to go
This time around

I've started feeling like I don't want to fight
Give in to the given and put out the light
Cannons a blazing shower these moonlit skies
Then I remember and I know why he died
Do you know why I die

You can't say I didn't give it
I won't wait another minute
We're on our way this time around
You can't say I didn't give it
I won't wait another minute
We're on our way this time around
(2x)

And we won't go down
And we won't go down
And we won't go down
