

# Underneath

Hanson

Waking up this morning  
Thinking this can't be real  
But they say there is nothing love can't heal  
Why don't you come on down  
So you can feel what I feel

Sitting all alone in this place  
Even though we're here face to face  
There is nothing gone  
But there's something wrong

Can't you see that I'm stuck here underneath  
And you're making it hard to breathe  
So take a look around and tell me what you see  
You'll find me underneath

I know what to say but don't know where to begin  
The fear of losing you beneath my skin  
Is there resolution for this pain that I'm in

Sitting all alone in this place  
Even though we're here face to face  
There is nothing gone  
But there's something wrong

Can't you see that I'm stuck here underneath  
And you're making it hard to breathe  
So take a look around and tell me what you see  
You'll find me underneath

If only you could feel what I dream  
Maybe you could hear what I mean  
There is nothing gone  
But there's something missing

Can't you see that I'm stuck here underneath  
And you're making it hard to breathe  
So take a look around and tell me what you see  
You'll find me underneath

Cause I'm stuck here underneath  
And you're making it hard to breathe  
So take a look around and tell me what you see  
You'll find me underneath
