

## Voice in the Chorus

Hanson

All this time I've been bearing it alone  
Never had a single doubt in my mind  
You passed me by when I was barely hanging on  
But you were there when I was doing just fine  
Caroline, I'm gonna take your own advice  
I won't think twice 'cause you are not worth my time

'Cause you'll be there waiting when I'm back on top  
And you'll be there saying you gave me what I got  
But you're just another voice in the chorus  
Just another voice in the chorus singing  
Just another voice in the chorus  
You say you knew it all along  
But you're just another voice in the chorus  
You're just another voice in the chorus singing  
You're just another voice in the chorus  
Bet you knew it all along  
Tell you where you have been all this time, Caroline?

Well, big surprise, you're the last one to arrive  
And the first to cut in line  
Sacrifice, something you don't know about  
But something I can't get around in my life

'Cause you'll be there waiting when I'm back on top  
And you'll be there saying you gave me what I got  
But you're just another voice in the chorus  
Just another voice in the chorus singing  
Just another voice in the chorus  
You say you knew it all along  
But you're just another voice in the chorus  
just another voice in the chorus singing  
just another voice in the chorus  
Bet you knew it all along  
Tell you where you have been all this time, Caroline?

Ooh oh Ooh oh Ooh oh whoa

'Cause you've never really known  
'Til you're all on your own  
And the words come out all wrong  
Oh you've never really known

Oh you've never really known  
'Til it's dark and it's cold  
And there's no one to call you home  
Oh you've never really known

Your true colors will be shown  
When you're out all alone  
And everything comes out all wrong  
Oh you finally really know

You're just another voice in the chorus  
You're just another voice in the chorus  
Bet you knew it all along

Ooh oh Ooh Oh Ooh (you knew it all along)  
Ooh oh Ooh Oh Ooh (you knew it all along)

You knew it all along
