

# Wish That I Was There

Hanson

The sun has fallen'  
Another day gone  
Without you.  
My heart keeps callin'  
And I don't know just what to do ooh  
When you're near me.  
I seem to forget my lonely days.  
It's more than a feelin'  
It's something that can't be explained

I wish that I was there.  
I wish that I was there.  
When you're not here.  
I wish that I was there.

I wish that I was there.  
I wish that I was there.  
When you're not here.  
I wish that I was there.

You were fallin'  
Now I'm coming round again.  
I was callin'  
Cause without you it's the end

I just wanna see you a little more.  
I just wanna dream of some more.  
I just wanna see you a little more.  
I just wanna be with you some more.

I wish that I was there.  
I wish that I was there.  
When you're not here.  
I'm wishin' that I was there.

And you make me feel  
Won't you take me  
When you're not here.  
It's been raining here.  
And I just want you  
To be near.  
I just wanna dream of some more.  
I just wanna see you a little more.  
I just wanna be with you some more.

I wish that I was there.  
I wish that I was there.  
When you're not here.  
I wish that I was there.

I wish that I was there.  
I wish that I was there.  
When you're not here.  
I'm wishin' that I was there.

I wish that I was there.  
(and you make me feel)

I wish that I was there.  
When you're not here.  
(Won't you take me when you're not here.)  
I wish that I was there.  
I wish that I was there.  
(It's been raining here.)  
I wish that I was there.  
When you're not here.  
(And I just want you to be near.)  
I'm wishin' that I was there.

I wish that I was there.  
I wish that I was there.  
When you're not here.  
I wish that I was there.
