

## This Will Hurt

Happy Days

A familiar house I enter,  
Viewing a staircase...  
That leads to a tragic scene,  
A room thats lit by unseen stars,

Peaking through an a jared door,  
A heavy head being supported by soft hands,  
Reliving the moment of them caressing my scars

Feeling the illusion of rejuvenation,  
Seeing the tears that I used to dry from your face,  
Falling..

He enters...  
Makes her forget the past,  
As a lifetime of sinful lust pours onto her,  
Two bodies become one,  
Witnessing every breath taking moment,  
Never ending...

Heavy breathing,  
This numbing feeling,  
Choking from a dry throat,  
Accompanied by tears  
my world is crashing down...  
Dying from within...

I don't know whats more painful,  
Gutting my wrist,  
Putting a bullet between my eyes,  
Or viewing the rest of this sickening experience,  
Either way,  
This will hurt...
