

24 Hour Party People

Happy Mondays

How old are you?
Are you old enough?
Should you be in here watching that?
And how old are you?
Are you owning up?
Should you be in here with?

Twenty four hour party people
Plastic face can't smile the whites out
With the twenty four hour party people plastic face can't smile the whites out

You cannot beat them
So why don't you join in?
You cannot beat them
So why don't you join in with?

Twenty four hour party people
Plastic face can't smile the whites out
With the twenty four hour party people plastic face can't smiles the white out

I can see you through the door
You been chewing bread and water
And there's a grudge on you
You know you not ought not to have
You've been running around the racetrack
You've been running around the racetrack
Put that mudder to bed to bed
Put that mudder to bed

With the twenty four hour party people plastic face can't smile the whites out
Cause I have to wait for you to conduct
Press the pause of the self destruct
With the twenty four hour party people plastic face can't smile the whites out
With the twenty four hour party people

Now better you're the white out

I need full-time
I don't need part-time
I need 1, 2, 3, 4, 5, 6, 7
3, 6, 5 all the time
I need 1, 2, 3, 4, 5, 6, 7 full time
I don't need a part-time
I need a 3, 6, 5

Oh no days off

Twenty four hour party people
Plastic face can't smile the whites out
I need 1, 2, 3, 4, 5, 6, 7
3, 6, 5 all the time
I need 1, 2, 3, 4, 5, 6, 7 full time
I don't need a part-time

I need a 3, 6, 5
