Happy Mondays

In that perfect place
In a dream of the place that you met
And a lonely feel
And a little emotion

But all those childish things
But all those childish things that you said
When you were young in your head
When you were in our bed

And if you say that it's ok
Then it's ok for you to do, now
And if you say that it's all right
Then it's all right for me

And if you say that it's ok
Then it's ok for me to do
You know it must be all right
You know it must be all right

But you went too far
And it's gone all the wrong way
But you went too fast and now the only thing that you ever...
Well it's not there
It's all gone

And if you say that it's ok
Then it's ok for me to do now
And if you say that it's all right
Then it's all right for you

And if you say that it's ok
Then it's ok for us to do
You know it must be all right
You know it must be all right

It's not unusual to be loved by anyone
It's not unusual to be fucked by everybody
It's not unusual to spend some time on yourself
Gonna make it all right
Say we'll make it all right

It's all right!
It's all right!

Fuck
