Glory

Happy Rhodes

Glory in numbers, glory so divine
Cherish the cycle, freedom in time

Well I know how cold it is (I do)
In a world that's so unfair

Glory in numbers, glory so divine
Cherish the cycle, freedom in time

I would take you underneath (my wings)
I would fly you anywhere

Glory in numbers, glory so divine
Cherish the cycle, freedom in time

Did I mention that I care (did I)
I'll protect you when I can

Glory in numbers, glory so divine
Cherish the cycle, freedom in time

I'll embrace you when I can
