## **To Live In Your World**

## **Happy Rhodes**

I don't remember her face Or why I was there I just remember feeling angry Something made me hate her I had to suffocate her My common sense Spoke of no consequence But I want to live I want to live In your world I am evil I am brutal So you say you must Be rid of me It frightens you To look at me 'Cause when you do What you see Is a reflection of yourself And your society But I want to live I want to live In your world For the man who steals A piece of bread for his children Shall we cut off his hands? Yeah... that'll show him For the man who speaks His mind to the sentry Shall we cut out his tongue? Yeah... that'll teach him I want to live I want to live In your world This isn't justice This is revenge It doesn't work

It doesn't end

What of the man Convicted innocent?
