

# Can't Get Along (Without You)

Hard-Fi

Well I walked out, cos I had some plans,  
Yea I walked out, destiny in my own hands,  
I thought I'd get by without you oh I,  
Thought I'd survive without you

I got drunk, I did not know why,  
I got drunk, I was dying inside,

Can't get along without you,  
I can't get along without you,  
I can't get along without you,  
No something is wrong,  
I can't get along without you.

I picked fights, with men twice my size,  
I picked fights, they punched out my lights,  
Took smack, so I could get high,  
I got hooked, and I nearly died,

I slept rough, I lived on the streets,  
Slept rough, newspaper for sheets

Can't get along without you,  
I can't get along without you,  
I can't get along without you,  
No something is wrong,  
I can't get along without you.

I got a train, and I headed home,  
I got a train to the town I was born,  
I went back, to the place where we'd meet,  
I broke down and cried in the street,

Because I realized what I'd done wrong,  
I fucked up I loved you all along

Can't get along without you,  
I can't get along without you,  
I can't get along without you,  
girl, believe me baby,

Can't get along without you,  
I can't get along without you,  
I can't get along without you,  
No something is wrong,  
I can't get along without you.

I really need you baby!
