

## Sweat

Hard-Fi

Sweat til you make your money!

They repossessed my guts, boarded up my head  
Taken everything left us all for dead  
My heart is pumping and my shirt is sopping wet  
The boss he thinks I'm lazy but he ain't the one who has to SWEAT..

You've got to, (Sweat!) You gotta give it all (Sweat!)  
I'm burning up I've gotta get myself checked  
Sweat til you make your money!

Darling I've got plans I want more this  
And if you want to you could come along for kicks  
You're working twice as hard just to get respect  
The boss he thinks I'm lazy but he ain't the one who has to SWEAT..

Dignity keeps running out on me  
Scared to fail cos failure won't repair  
The holes in your shoes buy new clothes to wear  
They won't let you forget  
You must SWEAT!

They repossessed my guts, boarded up my head  
Taken everything left us all for dead  
Working twice as hard just to get respect  
The boss he thinks I'm lazy but he ain't the one who has to SWEAT..

You've got to, (Sweat!) You gotta give it all (Sweat!)  
I'm burning up I've gotta get myself checked  
Sweat til you make your money!

Why don't you come a little closer don't be shy  
The night is winding down they'll soon turn up the lights  
We're just two people out for all that we can get  
I just wanna take you home, make you mine, make you SWEAT..

You've got to, (Sweat!) You gotta give it all (Sweat!)  
I'm burning up I've gotta get myself checked  
Sweat, sweat, SWEAT!
