

Tonight

Hard-Fi

Tonight, tonight I'm gonna take what's mine
Tonight, tonight under that bright neon light
And if I ever find a way right out of here
Tonight, tonight I'm gonna disappear

Tonight, tonight oh, sweetheart you and I
Tonight, tonight we've got to feel alive
'Cause if we ever find a way right out of here
Tonight, tonight we've gotta disappear

But it ain't easy, no, it ain't easy
Darling, darling, please

I ain't got long, so I need you to believe in me
Tonight, tonight I can't lose you
So come with me and we'll break free
Tonight, tonight we'll shine so bright

Tonight, tonight we've gotta make our move
Tonight, tonight we ain't got nothing to lose
'Cause if we ever find a way right out of here
Tonight, tonight we've gotta disappear

But it ain't easy, no, it ain't easy
Darling, darling, please

We ain't got long, so I need you to believe in me
Tonight, tonight I can't lose you
So come with me and we'll break free
Tonight, tonight we'll shine so bright

Tonight, tonight out on that Great West Road
I'm scared like you but we can't let it show
'Cause if we ever find a way right out of here
Tonight, tonight
Tonight, tonight

Tonight, tonight
Tonight, tonight
Tonight, tonight
Tonight, tonight
