

C'mon Take On Me

Hardcore Superstar

You came to the party just to see me...!
Yeah!

Tonight I'm gonna go with the flow, yeah!
This time I'm gonna crash, I rather blast, yeah!
Yeah!

You came to the party just to see me
Alright, don't you worry, you can take all me.
Yeah!

I, I need some more, not just before
It's mine to take it all, my final call.

You came to the party just to see me
Alright, don't you worry, you can take all me.
Well, you came to the party just to see me
Come on, baby, don't you worry, just take all me.
Me!
Just take all me,
Come on baby, get it straight out of me.

You came to the party just to see me
Alright, don't you worry, you can take all me.
Well, you came to the party just to see me
Come on, baby, don't you worry, just take all me.
Me!
Me!
Yeah!
