

Cry Your Eyes Out

Hardcore Superstar

Cry your eyes out

Cry you eyes
I said cry your eyes

I've got shit on my hands
Don't you wanna see me anymore
Well I love to stalk you
I pushed my ego too far

No confusion
That's what I want
I think I took you too far
Stop believe in
It's what you want
Is that all you've got

Cry your eyes out
My school of charm can't save me this time
Cry your eyes out
Can't take me nowhere no more
What you said before
Were all lies you've grown
A casanova with a devils charm
Cry your eyes out
Cry your eyes

This is the love
I'll show you my world tonight
It's not my ego
It's just my precious delight

I said no confusion
That's what I want
I think I took you too far
Stop believe in
It's what you want
Is that all you've got

Cry your eyes out
My school of charm can't save me this time
Cry your eyes out
Can't take me nowhere no more
What you said before
Were all lies you've grown
A casanova with a devils charm
Cry your eyes out
Cry your eyes
Cry your eyes

I said cry your eyes
Cry your eyes
I come on

What you said before
Were all lies you've grown
A casanova with a devils charm

What you said before
Lies you've grown
A casanova with a devils charm

Cry your eyes out
My school of charm can't save me this time
Cry your eyes out
Can't take me nowhere no more
What you said before
Were all lies you've grown
A casanova with a devils charm
